

Mo Hall's Youth Football Classic

Many organizations today are interested in building strong foundations for our youth—and we are well aware of the impact athletics often have on our young people in the community. The Mo Hall Youth Football Classic will offer many of our participants a first-time experience playing on a college football field. More than 180 youth will unite to play the game of football and learn about a much bigger game: the game of life. This Classic will bring together our larger community and offer many leagues and programs the chance to interact with one another on the same playing field in a positive environment.
